

# Bring the Ocean into Your Classroom Webinar

## Ocean and Climate Literacy

<http://oceanservice.noaa.gov/education/literacy.html>

The Ocean and Climate Essential Principles and Fundamental Concepts present a vision of an ocean and climate-literate society.

## Thank You Ocean Campaign

<http://thankyouocean.org>

The campaign mission is to unite voices and amplify messages to raise ocean awareness and promote everyday actions that protect the ocean.

## NOAA National Marine Sanctuaries Education

<http://sanctuaries.noaa.gov/education>

The NOAA Office of National Marine Sanctuaries aims to provide teachers with resources and training to support ocean and climate literacy in America's classrooms.

## NOAA National Marine Sanctuaries For Teachers

<http://sanctuaries.noaa.gov/education/teachers>

You will find curriculum, lesson plans and activities that will excite your students about science and technology.

## LiMPETS Network

<http://limpets.org>

LiMPETS is a citizen science program that monitors the coastal ecosystems of California and helps youth develop a scientific understanding of the ocean.

## Ocean for Life

<http://sanctuaries.noaa.gov/education/ofl/>

This unique program brings together high school students of diverse backgrounds to foster cross-cultural relationships, explore marine science and develop a stewardship ethic for the ocean.

## Bay Watershed Education and Training (B-WET) Grants

<http://www.noaa.gov/office-education/bwet>

NOAA's B-WET program funds locally relevant, authentic experiential learning for K-12 audiences through Meaningful Water-shed Educational Experiences.

## Ocean Guardian Programs

[http://sanctuaries.noaa.gov/education/ocean\\_guardian](http://sanctuaries.noaa.gov/education/ocean_guardian)

Ocean Guardian programs encourage children to explore their natural surroundings to form a sense of personal connection to the ocean and/or watersheds in which they live.

## Encyclopedia of the National Marine Sanctuaries

<http://marinelife.noaa.gov>

This online guide has photos, video and important biological information for over 100 ocean species from each of our national marine sanctuaries around the United States.

## NOAA Data in the Classroom

<http://dataintheclassroom.noaa.gov>

NOAA has developed five curriculum modules featuring el nino, sea level, water quality, ocean acidification and coral bleaching that demonstrate techniques for using real data in the classroom.

## National Marine Sanctuaries Media Library

<http://sanctuaries.noaa.gov/photos>

The Media Library is an online vault where a comprehensive collection of public domain photos and short video clips from marine protected areas managed by NOAA can be searched and downloaded for free.

## Earth is Blue

<http://sanctuaries.noaa.gov/earthisblue.html>

Earth is Blue is a social media awareness campaign to highlight NOAA's National Marine Sanctuary System.
