agencies for Restricted Areas R-6412A and R-6412B, Camp Williams, UT. This is an administrative change initiated by the Northwest Mountain Region. There are no changes to the boundaries, altitudes, times of designation, or activities conducted within the restricted areas.

Since this action simply changes the published controlling agency of the affected restricted areas, and does not involve a change in the dimensions or operating requirements of the restricted areas, the FAA finds that notice and public procedure under 5 U.S.C. 553(b) are unnecessary. Section 73.64 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8E, dated November 7, 1997.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, it (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1997); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal.

Environmental Review

In accordance with FAA Order 1050.1D, “Policies and Procedures for Considering Environmental Impacts,” this action is not subject to environmental assessments and procedures.

Florida Keys National Marine Sanctuary Final Regulations

AGENCY: Sanctuaries and Reserves Division (SRD), Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Correction to final regulations.

SUMMARY: This document contains a correction to the final regulations which were published Thursday, January 30, 1997 (62 FR 4578). The regulations pertain to the Florida Keys National Marine Sanctuary and made revisions to the national marine sanctuary program regulations at 15 CFR Part 922.

EFFECTIVE DATE: December 17, 1997.

FOR FURTHER INFORMATION CONTACT: Michael Weiss (301) 713–2969, ext. 216.

SUPPLEMENTARY INFORMATION: Final regulations for the Florida Keys National Marine Sanctuary were published on Thursday, January 30, 1997 (62 FR 4578). These regulations were subsequently amended on June 12, 1997 (62 FR 32154). The January 30, 1997 Federal Register document made revisions to the national marine sanctuary program regulations at 15 CFR Part 922. The January 30, 1997 Federal Register document that is the subject of this correction contains amendatory language for § 922.48(b) of the national marine sanctuary program regulations, which pertains to national marine sanctuary permits. The amendatory instruction for paragraph (b) of section 922.48 was incorrect by failing to state that only the introductory language to paragraph (b) was amended, thus leaving the remaining subparagraphs to paragraph (b) unchanged. Left uncorrected, the amendatory language would erroneously result in subparagraphs (1) through (5) of paragraph 922.48(b) being deleted from the Code of Federal Regulations.

Correction of Publication

Accordingly, the Federal Register document published on January 30, 1997 (62 FR 4578) is corrected by revising amendatory instruction 14 on page 4607, third column, to read as follows:

“14. Section 922.48 is amended by revising paragraph (a) and the introductory text of paragraph (b) as follows:”

Nancy Foster,
Assistant Administrator for Ocean Services and Coastal Zone Management.
