Northwestern Hawaiian Islands Marine National Monument; Correction
AGENCIES: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC); United States Fish and Wildlife Service (USFWS), Department of the Interior (DOI).
ACTION: Final rule; correcting amendment.
SUMMARY: NOAA and the USFWS published final regulations for the Northwestern Hawaiian Islands Marine National Monument (Monument) on August 29, 2006. The preamble and regulatory text of that notice contained errors pertaining to the electronic mail address for submitting comments on the information collection requirements of that rule, the reference to the dimensions of the outer boundary of the Monument, and the numbering sequence for one paragraph. This final rule corrects those errors. This rule makes no substantive change to the regulations.
DATES: This correction is effective February 7, 2007.
SUPPLEMENTARY INFORMATION:
Regulations published by NOAA and the USFWS on August 29, 2006 to codify the prohibitions and management measures set forth in Presidential Proclamation 8031 (71 FR 36443, June 26, 2006) establishing the Monument, contained an error in the instructions for submitting comments on the information collection requirements of the final rule via electronic mail, the reference to the dimensions of the Monument’s outer boundary, and the numbering sequence for one paragraph. The first error appeared in the first sentence of the ADDRESSES section of the notice. Here the notice incorrectly refers to a “proposed rule” and provides the incorrect e-mail address. That sentence should read “Submit written comments regarding the burden-hour estimates or other aspects of the information collection requirements contained in this final rule by e-mail to Diana Hynek at dHynek@doc.gov.” The incorrect e-mail address also appeared in the SUPPLEMENTARY INFORMATION section of the notice in the first column on page 51135 below the table. The e-mail address should read dHynek@doc.gov.

The second error is in the third sentence of the first paragraph of the SUPPLEMENTARY INFORMATION section of the notice, where dimensions for the outer boundary of the Monument were given. The dimensions are for the Monument, not the outer boundary. Therefore, this sentence should read “The Monument is approximately 100 nmi wide and extends approximately 1200 nmi around coral islands, seamounts, banks, and shoals.”

The regulatory text of that rule also contained an error in the numbering sequence for one paragraph. Paragraph 404.11(f)(1)(ii) should have been designated as paragraph 404.11(f)(1)(ii)(A). Paragraphs 404.11(f)(1)(ii)(A) and (B) and paragraph 404.11(f)(1)(ii)(iii) should have been numbered paragraphs 404.11(f)(1)(ii)(B) through (D), respectively. Paragraph 404.11(f)(1)(iv) should have been designated as paragraph 404.11(f)(1)(ii). This final rule makes these corrections. The substance of the regulations remains unchanged.

The Secretaries find good cause to waive notice and comment on this correction, pursuant to 5 U.S.C. 553(b)(B), and the 30-day delay in effective date pursuant to 5 U.S.C. 553(d). Notice and comment are unnecessary because this correction is a minor, technical change in an e-mail address and the numbering of the regulations as well as elimination of erroneous references to the notice as a proposed rule and the dimensions of the Monument’s outer boundary. The substance of the regulations remains unchanged. Therefore, this correction is being published as a final regulation and is effective February 7, 2007.

Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Specifications and Management Measures; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correction.

SUMMARY: On January 30, 2007, NMFS published a final rule implementing 2007 specifications and management measures for Atlantic mackerel, squid, and butterfish (MSB) and modifying existing management measures. The preamble to the final rule contains Table 1 announcing the specifications for Atlantic mackerel, squid, and butterfish for the 2007 fishing year. Table 2 of the preamble to the final rule announces the trimester allocation of the Loligo squid quota in 2007. The headings to both tables inadvertently indicated that the specifications and allocation for 2007 were “proposed” rather than “final”. This document corrects the heading for Table 1 appearing on page 4212 (FR Doc. E7–1445) of the preamble contained in the January 30, 2007 Federal Register document. The remainder of Table 1 is republished in its entirety for the public’s convenience.

The final rule published January 30, 2007 (72 FR 4213) also identified the distribution of the trimester allocation of Loligo squid quota for the 2007 fishing year. However, the heading to Table 2 inadvertently indicated that the trimester allocation was “proposed” rather than “final”. This document corrects the heading for Table 2 appearing on page 4213 (FR Doc. E7–1445) of the preamble contained in the January 30, 2007 Federal Register final rule document. The remainder of Table 2 is republished in its entirety for the public’s convenience.

Correction

Accordingly, the final rule published on January 30, 2007, at 72 FR 4211 (FR Doc. E7–1445), to be effective March 1, 2007, is corrected as follows:

1. On page 4212, Table 1, title heading is corrected and the table text is republished to read as follows:
