SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act (CWA) requires that each State identify those waters for which existing technology-based pollution controls are not stringent enough to attain or maintain State water quality standards. For those waters, States are required to establish TMDLs according to a priority ranking.

EPA’s Water Quality Planning and Management regulations include requirements related to the implementation of Section 303(d) of the CWA (40 CFR 130.7). The regulations require States to identify water-quality-limited waters still requiring TMDLs every two years. The lists of waters still needing TMDLs must also include priority rankings, identify the pollutants causing the impairment, and must identify the waters targeted for TMDL development during the next two years (40 CFR 130.7).

Consistent with EPA’s regulations, South Dakota submitted to EPA its listing decisions under Section 303(d)(2) in correspondence dated March 29, 2010. On July 9, 2010, EPA approved South Dakota’s listing of 151 waters and associated priority rankings. EPA disapproved South Dakota’s decision not to include 12 lakes in its list. EPA solicits public comment on the addition of these 12 lakes to the State’s list, as required by EPA’s Public Participation regulations (40 CFR Part 25).

Environmental Impacts Statements; Notice of Availability

Weekly receipt of Environmental Impact Statements.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public. Historically, EPA has met this mandate by publishing weekly notices of availability of EPA comments, which includes a brief summary of EPA’s comment letters, in the Federal Register. Since February 2008, EPA has been including its comment letters on EISs on its Web site at: http://www.epa.gov/compliance/nepa/eisdata.html. Including the entire EIS comment letters on the website satisfies the Section 309(a) requirement to make EPA’s comments on EISs available to the public. Accordingly, on March 31, 2010, EPA discontinued the publication of the notice of availability of EPA comments in the Federal Register.
Amended Notices
Revision to FR Notice Published 8/20/2010; Correction to Wait Period from 09/09/2010 to 09/20/2010.
