

to promulgate this interim rule without prior opportunity for public comment. This action is necessary because this rule implements sections 111 and 112 of the Military Construction and Veterans Affairs, and Related Agencies Appropriations Act, 2014 (Division J of Pub. L. 113–76). Delay in making this change to the DFARS may result in (1) the appropriations act restrictions being incorrectly applied to military construction and architect-engineer contracts to be performed in countries bordering the Arabian Gulf and (2) possible misuse of appropriated funds if DoD fails to provide appropriate preference for U.S. firms when performing such contracts in the countries bordering the Arabian Sea. Issuance as an interim rule is necessary to ensure immediate preference for U.S. firms when awarding construction contracts to be performed in countries bordering the Arabian Sea, in order to comply with the law and support the U.S. industrial base.

However, pursuant to 41 U.S.C. 1707 and FAR 1.501–3(b), DoD will consider public comments received in response to this interim rule in the formation of the final rule.”

Administrative Updates to Papahānaumokuākea Marine National Monument Regulations

AGENCY: Office of National Marine Sanctuaries (ONMS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC); United States Fish and Wildlife Service (USFWS), Department of the Interior (DOI).

ACTION: Direct final rule.

SUMMARY: This final rule makes administrative and procedural changes to the applicable regulations with corrected addresses and fax numbers because the offices of Papahānaumokuākea Marine National Monument have moved.

DATES: These regulations are effective on July 31, 2014.

FOR FURTHER INFORMATION CONTACT: Tia Brown, Office of National Marine Sanctuaries, NOAA Inouye Regional Center, 1845 Wasp Blvd., Building 176, Honolulu, HI 96818. Phone: 808–725–5805. Email: Tia.Brown@noaa.gov.

SUPPLEMENTARY INFORMATION:

Electronic Access: This **Federal Register** document is also accessible via the Internet at <http://www.gpoaccess.gov/fr/index.html>.

I. Summary of Rulemaking

NOAA and USFWS are amending ONMS regulations (50 CFR part 404) to reflect the recent change in address and phone numbers for the Papahānaumokuākea Marine National Monument for general questions and inquiries, permit application processing and vessel reporting requirements. The old address currently appears in section 404.11(b) under “Permitting procedures and criteria.” The old address will be replaced with “NOAA/Inouye Regional Center; NOS/ONMS/PMNM/Attn: Permit Coordinator; 1845 Wasp Blvd., Building 176; Honolulu, HI 96818.”

In addition, the local Hawai‘i based phone number for vessel notifications, 808–395–6944, will be removed from the regulations. The toll-free phone number 1–866–478–6944 will remain

active. The fax number listed for the ship reporting system will be changed to 1-808-455-3093.

NOAA is also updating the title of the regulations, to reflect the current name of the monument, based on Presidential Proclamation 8112. The name in the regulation will be changed from "Northwestern Hawaiian Islands Marine National Monument" as it currently reads in the regulations to "Papahānaumokuākea Marine National Monument."

II. Classifications

A. Administrative Procedures Act

This rule pertains solely to the organization and correction of existing rules and related administrative changes necessitated by the office relocation of the Papahānaumokuākea Marine National Monument. It makes no changes to the substantive legal rights, obligations, or interests of affected parties. This rule therefore is a "rule of agency organization, procedure or practice" and is therefore exempt from the notice-and-comment requirements of 5 U.S.C. 553 under 5 U.S.C. 553(b)(A).

B. National Environmental Policy Act

The amendments to the regulations identified in this document do not have significant environmental impacts and are categorically excluded from the need to prepare an environmental assessment pursuant to the National Environmental Policy Act. Specifically, the changes to update codified addresses are administrative in nature, and are thus categorically excluded by NOAA Administrative Order 216-6 Section 6.03c.3(i).

C. Executive Order 12866: Regulatory Impact

This rule has been determined to be not significant within the meaning of Executive Order 12866.

D. Executive Order 13132: Federalism Assessment

NOAA has concluded this regulatory action does not have federalism implications sufficient to warrant preparation of a federalism assessment under Executive Order 13132.

E. Paperwork Reduction Act

This rule does not contain any new or revisions to the existing information

collection requirement that was approved by OMB (OMB Control Number 0648-0548) under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB Control Number.

F. Regulatory Flexibility Act

This regulation is exempt from the notice and comment provisions of the Administrative Procedures Act (APA), 5 U.S.C. 553. Therefore, the requirements of the Regulatory Flexibility Act do not apply, 5 U.S.C. 603(a). No other rule requires a regulatory flexibility analysis and none has been prepared.
