

Cordell Bank National Marine Sanctuary

Person-Days of Recreational Fishing by Mode in Cordell Bank National Marine Sanctuary, 2010 - 2012

The Office of National Marine Sanctuaries has prepared the *Economic Impact of the Recreational Fisheries on Local County Economies in Cordell Bank National Marine Sanctuary 2010, 2011 and 2012*. This report estimates the **total number of person-days by mode of access** (e.g. private-rental boat and commercial passenger fishing vessel (CPFV)), within Cordell Bank National Marine Sanctuary (CBNMS) using data from the State of California's Recreational Fishing Statistics Program (CRFS). These results were then used to estimate total economic impacts of recreational fishing within the sanctuary to the local economy.

Person-Day Trends

The figure to the right shows the trends in person-days within CBNMS from 2004 through 2012, by mode of fishing and for total person-days. From 2004 through 2012 person-days across all modes decreased.

CBNMS is located within one CRFS district: 4. On average each year, fishing in CBNMS accounted for **0.7% of the total person-days of recreational fishing from California District 4**, and **0.02% of the entire State of California's total recreational fishing effort**. Districts are defined by CRFS and are used to identify regions of fishing along the shoreline.

Recreational private-rental boat fishing accounted for an average of 0.5% of person-days, and 0.7% of commercial passenger vehicle person-days of all the person-days in District 4. Private-rental boat fishing in CBNMS accounted 0.1% and commercial passenger vehicle fishing 0.1% of the total State of California's fishing effort by mode of access.

Number of Person-Days by Mode of Access, 2010-2012 and 3-year Average				
Mode of Access	2010	2011	2012	Average
Private - Rental Boating	882	410	371	554
% in CBNMS				0.5%
CPFV	754	277	331	454
% in CBNMS				0.7%
Total of All Modes	1,636	687	702	1,008
% in CBNMS				0.7%

The percentages in the Table above are the percent of marine recreational fishing person-days that occur within the CBNMS when compared to all the person-days that occur within CRFS District 4.

Definitions of Key Terms (adapted from RecFin, 2014)

Person-Days –The number of days (not trips) a person fishes.

Commercial Passenger Fishing Vessel (CPFV) –There are two categories. The first is a charter boat, which operates under charter for a specified price, time, etc. A party boat is a boat on which fishing space and privilege are provided for a fee per angler.

Private-Rental Fishing –A private boat is defined as belonging to an individual; it is neither for rent nor for transporting paying passengers. A rental boat is defined as a boat that is rented without crew or a guide; it does not transport paying passengers.

Shore Mode Fishing –Fishing accessed on beaches, banks and man-made structures.
