#PrideInTheOcean

OUR OCEAN IS FOR EVERYONE

During the month of June, NOAA Office of National Marine Sanctuaries and Pride Outside will be celebrating Ocean Month and LGBT Pride Month through our #PrideInTheOcean campaign. Our goal is to raise the visibility of LGBT ocean scientists, athletes, appreciators, and more. Our ocean is for everyone, no matter who you love, and we want to know how you take pride in this blue planet.

HOW TO PARTICIPATE

Submit your photo: Take a photo of yourself in, on, or by the ocean. Email it to earthisblue@noaa.gov with your name, pronouns, and a caption explaining why you take pride in the ocean. Photos and captions will be shared on the NOAA Office of National Marine Sanctuaries and Pride Outside social media and websites.

Share your photo on social media: During June, share your photo and caption with the hashtag #PrideInTheOcean.

Encourage others: Help us spread the word and ask your friends and family to post their own photos with #PrideInTheOcean.

For more information, visit sanctuaries.noaa.gov/heritage/pride-in-the-ocean.html
